

## **Whales**

### Verse 1

Humpback whales

Blues whales

Minke whales

Fin whales

Right whales

### Chorus

I love all whales equally

And if you've got a problem with it then I'll come and see ya

My home is on the ocean so I'll meet you there

And if you're going whale watching then I'll pay the fair

It doesn't matter is a whale's big or small

Or if it has a mouth full of teeth of none at all

If you own a harpoon sleep with one eye open 'cause...

### Verse 2

Killer whales

Sperm whales

Sei whales

Beluga whales

Gray whales

### Bridge

The right whale goes...

The humpback whale goes...

The grey whale goes...

The blue whale goes...

### Outro

Whales whales whales whales

Whales whales whales whales

Whales whales whales whales

Whales whales whales whales
